Custom material available. Consult factory.

Description:

Infuz™ 10x10 decorative fluorescent indoor wall sconce. Fixture for use with (2) 18W DTT compact fluorescent lamps.

Lamp/Socket:

(2) 18W DTT 4-Pin / G24q-2

Installation:

Fixture includes mounting hardware, mounting bracket and installation instructions. Fixture can be mounted to a 3" or 4" octagon or round junction box.

Diffuser:

Perforated light diffuser conceals lamp and socket from the side and front view while adding additional diffusion behind the decorative panel.

Finish:

Sconce finishes include (SN) satin nickel and (MO) mocha.

Diffuser Material:

Engineered to incorporate 40% post-industrial reclaimed material. Produced from Spectar* copolyester PETG, a non-toxic, polyester resin that stems from and is compatible with the PET family of materials. Chemical resistant for easy cleaning and reliable use in a variety of demanding environments. Exceed the stringent impact requirements for safety glazing, 40 times the impact strength of glass. UV stabilized. Custom material available. Consult factory.

Ballast:

- 120V NPF electronic ballast integral to socket
- 60Hz, 18W. Class P.
- Energy Star
- Rated Input Current: 0.22A
- Power Factor (average): >0.5
- 277V and dimming not available

Labels:

NRTL listed to US and Canadian standards for dry locations. NRTLs recognized by OSHA include CSA, ETL, UL, and others.
