**Professional Series Option:**

Track fixture is compatible with Intense Two Circuit / Two Neutral Professional Track series. Track adapter is factory installed on fixture. Must specify -27 for 277V.

Two Circuit / Two Neutral 120V Track is ideal for dimming intensive applications. The independent neutrals guarantee that the two circuits are completely isolated. Independent neutrals also offer twice the power handling capacity of ordinary common neutral track.

Two Circuit / Two Neutral 277V The Intense Professional Series 2-cct/2-neutral 277V track system is well suited for larger retail and institutional applications where a number of metal halide or fluorescent fixtures are used. The 277V system offers twice the capacity of ordinary 120V track allowing for substantially longer runs with more fixtures between feed points. This translates into enhanced aesthetics and reduced installation costs.
