

Gravity[™]

High Performance
Recessed Multiples

High Performance Recessed Multiples

- Up to 4000 delivered lumens
- Field changeable TIR optics from spot to wide flood
- Integral snoot and accessories

Designed on a single platform, the new luminaires are expertly engineered to complement the award-winning Gravity family of downlights, cylinders and track luminaires. Ideal for a variety of commercial and architectural applications, Gravity recessed multiples feature a sleek design with no visible hardware or heatsink.

Modern Dimming Capabilities

0-10V, eldoLED, DALI and DMXR dimming options

Powerful Light Distribution

2 SDCM LED light engine delivering up to 40,000 CBCP

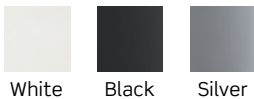

Superior Optical Performance

Precision beam control and aiming via custom TIR optical technology

Electrical Data (Nominal Delivered Lumens)

L1	1500lm	14W
L2	2000lm	20W
L3	2500lm	25W
L4	3000lm	35W
L5	3500lm	39W
L6	4000lm	45W
